Michael Seddon

Our ref: Latchmore

26 March 2013

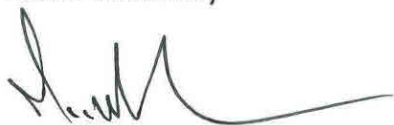

Dear John

LATCHMORE BROOK

Thank you for your letter dated 2 March. I am sorry that despite our explanation and efforts you continue to consider inadequate the actions we have taken in respect of tree felling and making safe of ordnance at Latchmore.

Your willingness to discuss the environmental and practical aspects of the future planning application for works at Latchmore is very welcome. Our intention is to provide you some initial ideas early in May, at which time I will also seek a date where we can meet to discuss them.

Yours sincerely

Michael Seddon
Deputy Surveyor
